## ABOUT ME

I am a passionate Web Developer specializing in designing and developing interactive user interfaces. With a strong foundation in modern web technologies and frameworks, I focus on delivering seamless, high-performance web applications. My expertise includes front-end development, UI/UX design, and search engine optimization.

I am committed to continuous learning and staying up to date with industry trends and best practices. My dedication to writing clean, maintainable, and scalable code ensures top-notch user experiences.

---

## WORK EXPERIENCE

### Freelance Web Developer

#### 📅 1 Year of Experience

- Developed responsive and interactive web applications for clients.
  - Optimized website performance and SEO for better search rankings.
  - Collaborated with clients to create user-friendly and visually appealing designs.
  - Utilized modern frameworks like React.js and Tailwind CSS to enhance UI/UX.
  - Managed version control using Git and deployed projects via Netlify.
-
